

The Volt Vette Project

The People Who Made It Happen

I am asked if I did all the work on the electric Corvette. No! This project is the product of many selfless people. If it was just me, the Volt Vette would remain a pipe dream.

So Let's Hear it for the Men and Women Who Made The Impossible,
More Than Possible!

Lee Hart – Chief Engineer

Chris Born

Brad Lindberg

Dave Thomas

Dave Peichel

Eric Sims

Jukka Kukkonen

Jim Lind
Joyce Prudden – The Decider
Steve Greenway
Marty Elstrom
Phil Adam
Tim Medeck
Jimbo Courteau
Rolf Olson
Craig Mueller
Haudy Kaze
Cat Thomson
Chris Simon
Carl Gulbronson
Dave Larson
Doug Erickson
Other members of the MNEAA who worked at the State Fair
and the Eco Experience

This list will grow longer as I continue to seek help from people who are smarter than I.
